

## Recruitment Specialist

- **Internationally Focused Role**
- **Join Growing Team**
- **Expand Your Horizons**
- **Arabian Gulf Based**
- **Attractive Tax Free Salary + Benefits**

This is a rare and very attractive opportunity to join a major Primary Minerals processing group who are currently developing internationally recognised multi \$USBn projects spanning Mining, Refining and Aluminium Smelting.

Based in the Arabian Gulf, you will have a truly global focus on sourcing candidates at mid-senior levels, dealing with candidates and recruitment agents worldwide.

The company will provide the opportunity for professional development and travel, both regionally and internationally can be anticipated. The location requires a male appointee, who will be degree qualified, have substantial international recruitment experience, preferably from within the Mining and Minerals Processing sector, however a background in Oil & Gas, or Engineering will be equally well regarded.

If you are seeking that next step in your career, this role will provide challenge, diversity and rewards. In addition to an attractive salary and bonuses, paid tax-free, the company also provides a substantial benefits package including free housing, vehicle and medical coverage, generous paid leave and Business Class air travel.

Please apply quoting reference #572 and email your CV to [stuart.bennett@expat-careers-international.com](mailto:stuart.bennett@expat-careers-international.com).
