### **Department of Industrial Psychology: Postgraduate Programmes**

Become a sought after strategic business partner by studying on an internationally recognised and culturally vibrant university campus in the picturesque natural environment of Stellenbosch. Our postgraduate programmes are presented in English on a full-time and modular basis. The department plays an active role in the facilitation of internships aimed at registration as psychometrists (independent practice) and industrial psychologists. A limited number of bursaries are available for the master's degree programmes. Please consult [www.sun.ac.za/industrial\\_psychology](http://www.sun.ac.za/industrial_psychology) for information on our industrial psychology and human resource management programmes, as well as the prescribed application procedure. Contact Ms Cillie at (021) 808 3005 or [cmcillie@sun.ac.za](mailto:cmcillie@sun.ac.za). Apply before 31 October 2008.
